

BROCO**RANKIN****Designed and Manufactured to meet High Quality Broco Standards**

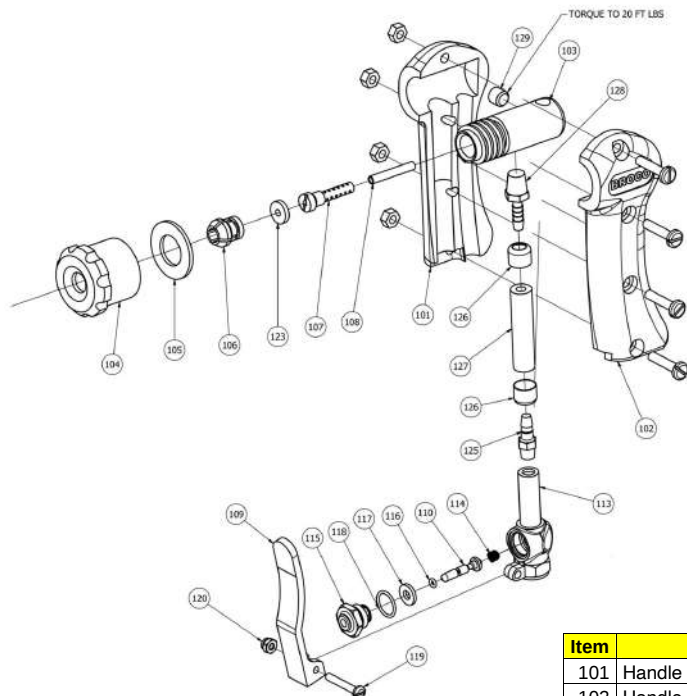

- High impact and corrosion resistant materials
- Brass flash arrestor
- Prevents burnback
- Non-conductive flexible coupler
- Ergonomically designed for diver comfort
- Reduce forearm fatigue
- Can be used as a welding electrode holder

Use Standard Broco Underwater Exothermic Cutting Rods for Superior Performance

- Patented rod design with alloy core wires
- Prevents burnback
- Bendable to 90 degrees
- Available in standard 18' length and 36" for heavy jobs
- 50 count QuiverPak in sturdy polyethylene with reclosable cap available

**BlowAparts
BR-22****Easy to maintain**

- Acme threads prevent binding
- Quick, reliable rod insertion and retention
- Interchangeable collets for 1/4", 3/8" and 5/16" diameter cutting rods

Item	Part Description	Item	Part Description
101	Handle Set left	116	Valve Stem O-Ring
102	Handle Set right	117	Valve Stem Washer (Neoprene)
103	Torch Head	118	Valve Nut O-Ring
104	Collet Nut	119	Valve Lever Screw & Locknut
105	Compression Washer (Neoprene)	120	Valve Lever Screw & Locknut
106	Collet (Specify Size)	121	Handle Screws & Nuts (Nylon)
107	Flash Arrestor	122	Handle Screws & Nuts (Nylon)
108	Flash Arrestor Screen	123	Collet Washer (Neoprene)
109	Oxygen Valve Lever	124	Oxygen Hose Adapter Fitting
110	Valve Stem (Includes O-Ring)	125	1/8 brass connector
111	Coupler Assembly	126	Brass bushings
112	Conexión cable electrico	127	O2 hose
113	Oxygen Valve Body	128	1/4 nylon connector
114	Valve Stem Spring	129	Intake valve assembly
115	Oxygen Valve Nut
